💼 Professional Experience

Web Developer   08/2021 – 09/2021
WebSolGuru
- Developed new user-facing features using **React.js**.
- Translated Figma designs into high-quality code.
- Optimizes components for maximum performance across various web-capable devices and browsers.
- Technologies worked on are ReactJs, JavsScript, HTML, CSS, and SASS.

📂 Projects

Your-Visit
MERN Stack Web Application
GitHub 🔗
- Your-Visit is a social media application where users can post images with live locations of any place.
- Google Map API is used for location sharing.
- **MongoDB Atlas** is used as the database server.
- **Rest APIs** are built using **ExpressJs** and **NodeJs**.
- **JWT** package is used for **authentication**, **BcryptJs** for password **Hashing,** and **Multer** for **File Upload**.
- **ReactJs** library is used to build the front end.
- **Custom Hooks** and in-built react Hooks are used like **useState**, **useEffect**, **useRef**, **useReducer**, etc.
- **Axios** is used to fetch the data from Rest API.

Text-It
Real time chat application
www.textit.cf 🔗
- Messaging application which is built using **ReactJs**.
- Uses **Firebase Firestore** as **NoSQL Database**.
- **Authentication** using Firebase email and password Auth.
- **Firebase Storage** is used for image sharing.
- **Context API** and **useReducer** are used for global **State Management**.
- The phone number is used as a unique username.

SanYoutube
Youtube clone
www.sanyoutube.cf 🔗
- Fully functional clone of Youtube Web using **ReactJs** and **RapidAPI**.
- It's a Single Page Application**(SPA)**.
- Used various features of ReactJs like **createContext**, **useState**, **useEffect**, **useContext,** and BrowserRouter.
- In this project, **RapidAPI** is used to fetch the data from YouTube servers.
- Technologies used: JSX, ReactJs, **React Router Dom**, **ContextAPI** and **TailwindCSS**

🎨 Skills

Programming Languages	**Frameworks**	**Frontend Web**
C, JAVA, Kotlin, JavaScript and Typescript	ReactJs, React Native and Angular	HTML, CSS, Bootstrap, and SASS
Backend	**Database**	
NodeJs, Express and Spring	MySql, Firebase and MongoDB	

🎓 Education

B.Tech(CSE)   2019 – 2023 | Greater Noida, India
Galgotias University
8.0 CGPA
